Chevy II Nova Coupe

One more nice thing: the price.

\$2,284

Manufacturer's suggested retail price for standard six Chevy II Nova Coupe shown above includes Federal Excise Tax, registered dealer delivery and handling charges. Model shown above equipped at additional cost with Custom Exterior Set in White. Value \$21.35. Wheel Covers \$21.35. Transportation charges, accessories, optional equipment, state and local taxes additional.

Car enthusiast magazines keep saying a lot of nice things about the all-new Chevy II Nova. And why not? At last there's an economy car that doesn't look or act like one. Besides being a whole lot sportier, it offers a smoothly balanced six and a 307-cubic-inch standard V8 that runs beautifully on regular fuel. See for yourself what all the shouting's about. Road test a Nova now.

## Missionary Talk Illustrated With Slides

Mrs. Ray Miller was guest speaker at the General Meeting of the Women of the Church, held at the Everglades Presbyterian Church on January 16.

She showed slides taken while she and her husband were missionaries, sent by the Missionary Alliance Church to Netherlands New Guinea, during their stay there of West New Guinea (Irian Barat) became incorporated into Indonesia.

Mrs. Miller's remarks, and the pictures she showed, were in keeping with the Season of

Christian Witness at Home and Abroad, being observed in Presbyterian Churches the first three months of the year.

Mrs. Sam Crisman, Chairman of Ecumenical Mission and Relations of the local W. O. C. was responsible for the planning of the program, and introduced the speaker.

Mrs. Miller and her husband who was at one time pastor of the Missionary Alliance Church in Belle Glade, were teachers in Belle Glade schools. He teaches science on the Belle Glade Jr. High School faculty, while working on his Master's Degree, and the substitute

teachers. Particularly interested in work with youth, they sponsored the Youth for Truth Bible Club, recently organized here. The inter-denominational group holds meetings at the Farm Bureau Building on Thursday nights, at 8:00.

Mrs. C. L. Stuart presided at a business meeting, at which reports from officers and committee members were heard. The opening devotion was led by Mrs. T. W. Casselman. During the social hour which followed Mrs. Miller's presentation assorted cookies, coffee, and cold drinks were served by members of Circle No. 1. During this period members enjoyed examining curios and artifacts, brought back by the Millers from their stay in New Guinea.

## Time Of Danger & Opportunity

By Lewis Llewellyn

This bids fair to be a momentous year.

With both parties' political conventions scheduled, the presidential candidates will be chosen; so-called "civil rights" leaders proposing to disrupt the functioning of some of our major cities; and with a former pastor, former congressman, now turned lecturer and rabble-rouser, talking at what "a second civil war" - the black revolution, the probabilities are that this year will go down in history as one of the most fateful years in the life of our country.

Add to the matters mentioned above the war in Viet Nam and the urgency of the fight to save the dollar from going the way of the British pound, and you have a prescription for eventual disaster if right course are not pursued.

Yet, for you and me, there is one matter which transcends all in this importance, for it directly affects us personally and in a way which determines our entire future.

**HEART OF THE MATTER**

This is the matter to which Dr. Charles Malik of Lebanon, internationally renowned statesman who was president of the General Assembly of the United Nations in 1959, referred when he said:

"It is perfectly clear that

## What Do You Think?

Why Should we read the Bible? See if 2 Tim. 3:16 is the answer.

Does all the Bible apply to man today? See if 2 Tim. 2:15 and Hebrews 9 it is the answer.

How many Churches did Jesus build? See Matt. 16:18, give a proper answer.

Does the Lord demand obedience today to His will or may we follow our own opinion? See Hebrews 5:8-9 for answer to this question.

Is it possible to practice faith without works? See if James 2:24 is an answer to this problem.

Can lack of love for God be the reason we do not do His will? See if Romans 5:8-9 is the answer.

Must be believe that 'God is to be saved? See if Hebrews 11:6 is an answer.

**Schedule of Services**  
Sunday: Young People Class 9:45; Morning Bible Study 10:00; Morning Worship 11:00; Singing Class 5:45 p.m.; Evening Worship 7:30 p.m. Wednesday: Evening Worship 7:30 p.m.

will the Belle Glade Church of Christ at 12 N. W. Ave. D this week. We are a friendly church. We want to worship with you and we want to be your friend.

A group from the church enjoyed a fish fry last Sunday afternoon. The children enjoyed games after lunch.

Major General Medaris was Commander U.S.A. Ballistic Missile Agency, Chief of Research and Development at Cape Kennedy from its beginning and was the senior military man in the space program until his retirement. Still actively involved in this country's space program as an advisor, Major Gen. Medaris is a consultant to management and owns Medaris Management, Inc. in Winter Park.

Frank Sheehy is an architect in Winter Park. Both men are deeply involved in the lay ministry of the Episcopal Church and spend much of their time talking before groups about Jesus Christ.

## PRAYER VIGIL BEGINS FEB. 2 IN PREPARATION OF REVIVAL

A 24-hour Prayer Vigil in preparation for the Week of Revival, Renewal, and Rededication will begin on Friday, February 2 at 6:00 p.m. and continue until 6:00 p.m. on Saturday, February 3. Members of the congregation will be in constant prayer and meditation during this period, and anyone may come to the Chapel during this time and stay as long as they wish.

The Revival will begin at 7:30 p.m. on Sunday, February 4, with services each evening through February 9. The Preaching Evangelist for this week will be the Reverend Ed Garrett of Hollywood, Florida. Rev. Garrett is a former minister of Community Methodist Church, serving this congregation from 1954-1957.

The public is invited to attend a meeting at St. John's Episcopal Church tonight at 8 p.m. to hear two outstanding speakers.

The speakers will be Major General John B. Medaris (U.S.A.K., Ret.) and Frank Sheehy, both from Winter Park, Fla.

Major General Medaris was Commander U.S.A. Ballistic Missile Agency, Chief of Research and Development at Cape Kennedy from its beginning and was the senior military man in the space program until his retirement. Still actively involved in this country's space program as an advisor, Major Gen. Medaris is a consultant to management and owns Medaris Management, Inc. in Winter Park.

Frank Sheehy is an architect in Winter Park. Both men are deeply involved in the lay ministry of the Episcopal Church and spend much of their time talking before groups about Jesus Christ.

## Americanism VS. Communism

By Joanne Harris

For the past six weeks the Seniors at Belle Glade High School have been studying the ideas and beliefs behind Communism. Marx was the father of Communism, and Lenin followed Marxist ideas and set up the form of Communism we have in Russia today.

Can you imagine what it would be like to have someone watch every move you made, and know that if you did anything to go against the party's beliefs you would be imprisoned or even killed? In Russia even the children are thought that it is good to report everything you hear someone say against the party, even if that somebody happens to be your parents.

Your parents are allowed to do the kind of work they choose, but in Russia the people are told what type of work to do and they have no choice but to obey. Even as far as education is concerned, you

as a student will be allowed to make a choice of what you want to do after graduation. Some of you will choose to continue your education and others will wish to go into the type of work they are interested in. In Russia if you are a very good student and you prove that you will be of use to the party, then you will have the chance to go to the State's University. Other students are taken out of school and sent to do certain jobs.

We as Americans so many times gripe about the situation in which we live, but if we were to live in Russia for only one day, I'm sure we would appreciate our freedom much more than we do.

I know that as a teenager, I misuse and take for advantage all of the privileges I have as an American, but after reading and studying about Communism, I will think a little more before I criticize my country and my government.

## What Is Loyalty

By Jill Bowen

Loyalty is having a boyfriend you can trust with your girls.

Loyalty is not deserting your best friend when she falls flat on her face in the halls.

Loyalty is the trust that you put in a person.

Loyalty is a soldier in Vietnam fighting a war he believes is "right," but is still risking his life for his fellow comrades, who are carrying the "red," "white," and "blue" flag.

Loyalty is a girl saying to her mother that she will help her serve refreshments at the bridge club meeting rather than going out on a very important date.

Loyalty is cherishing for your team even when it is losing and there is no chance of winning. Loyalty is remaining close to a friend when he needs you.

Loyalty is a girlfriend who won't date your guy when he asks her out because she doesn't want to lose your friendship.

Loyalty is a boy who joined the Navy and still writes to you.

Loyalty is upholding one's convictions at the expense of one's personal pride or self if necessary.

Loyalty is the courage it takes to stand by a friend or nation when things get tough or when they make mistakes—so that you might help them up again.

Loyalty is being able to say with pride, "that's my friend or my state or even my country." But still saying it's yours even if you are not proud.

Loyalty is a friend who will always stick up for you.

Loyalty is when your friends tell you something and then they tell you not to tell anyone else and you don't.

Loyalty is two inseparable friends in high school.

"Ah, Uncle George, remember when you bounced me on your knee—how I'd love to recapture those moments again!"

"Ah, Uncle George, remember when you bounced me on your knee—how I'd love to recapture those moments again!"

## A Day In Viet Nam

By Sandy Betts

The sun shines brightly. Reeling off the glossy leaves. The birds sing high in the trees. The wind blows softly. Children are playing in their house.

Their parents toil silently. It is a day of happiness.

A place is here in the distance. The parents look up and smile. The children run out and wave. Then comes a high pitched wailing.

A heavy hand bats the people to the ground.

The sky is red with flames. A child cries. His sisters will never cry.

His parents are no longer toiling—They are dead.

Then there is quiet. It is a beautiful day in Viet Nam.

The Belle Glade Rams lost to the Okaloosa Brahmins in a 91-76 battle Friday Jan. 12, 1968. All members of both starting teams scored in the double column. Steve Close was high for the Rams with 21 points. Viamontes and Wilson followed with 17 and 16 points respectively. Leach and Delagoff of Okaloosa both scored 20 points.

On Saturday night, January 13th, the Rams played Immokalee in Immokalee. The game was close and at the end of the 4th quarter the score was tied 85-85. In the overtime,

Immoalee scored 8 points to Belle Glade's 6, winning the game 91-91. High scorer in the game was Scott (25) with 34 points. He made 10 free throws. Viamontes scored 29 points with Steve Close right behind him with 21 points. McAllister and Rionda both scored over ten.

Leading the entire game, the Rams beat Boca Raton 71-42, Tuesday, January 16. When Wilson was high scorer with 17. Viamontes had 15 and Steve Close 14. Only one Boca player scored over 10.

The Rams' record is now 6-5.

"Be the Best of Whatever You Are"

By Margaret Thompson

If you can't be a pine on the top of a hill,

Be a scrub in the valley but be the best little scrub by the side of the hill.

Be a bush if you can't be a tree.

If you can't be a bush be a bit of the grass.

Some highway happier make: If you can't be a muskie, then be a bass—

But the liveliest bass in the lake.

## What is School Spirit

By Jill Bowen

A winning team must have a spark of enthusiasm just as a car needs spark plugs to run. This spark is school spirit.

Just what is school spirit? It is an attitude of pride that we have for our school and for the sports involved in the school. These attitudes should be positive rather than negative.

The presence of gracelessness in winning as well as losing is one of the best ways to show our spirit. A losing team needs more cheering than a winning team when it is losing is a true expression of school spirit.

The students participating in sports at Belle Glade High School work hard pushing toward that special goal of winning. Why do they push so hard to win? Not only for themselves, but for their school and its reputation.

Many outsiders who visit Belle Glade compliment the school on its spirit. We have two things to be proud of—our great team, the RAMS, and the students who express such enthusiasm for their team. So let's continue with this spirit we have had in the past and follow through with it for the remainder of this school year.

"We may become the first country in history where welfare checks are delivered by the butler."—Bill Trimble, President, Little Valley (N.Y.) The Hub.

"Man all wrapped up in self... make mighty small package."—Charles Cunningham, Editor, Watchtowers, (La.) Times.

"The best advice for modern people, young and old, facing all sorts of propaganda, is the single word: think."—Joseph M. Shaw, Jr., Centre (Alabama) County Herald.

## President of the Week

Sharon Gail Walls was born in Belle Glade. She has the honor of being president of two clubs and the co-editor of the Rampage.

She is president of Glee Club and has just returned from Daytona where she participated in the state music clinic. She is also the student accompanist for the Glee Club.

She is the president of Future Homemakers. She has earned her chapter degree and she says it takes a lot of planning to get meetings organized.

As co-editor for the Ram Page she helps lay out the paper. She said, "I really enjoy the job—but sometimes it's nerve-racking finding articles to fill the space. I've learned a lot about creative writing, and now I pay more attention to other newspapers."

Sharon wants to major in music. She is going to Palm Beach Junior College next year and later to Shorter College in Georgia.

Sewing, skiing, dancing and playing the piano are some of her hobbies. She plays the piano for the Baptist church. Her favorite cartoon is Garfield and she drives a red Rambler called the "Bomb."

## What School has Taught Me

By Sharon Walls

My first report card taught me, among other things, the biggest lessons to be learned in school did not come from books. I was graded on how well I mixed with people, and my attitude toward learning.

After twelve years of observing students, I am convinced those with the greatest attitudes are not always the ones who achieve the most. An average but conscientious person has had to learn the difficult lesson of how to study. He has also learned to give more of himself and do more than is required to get average grades.

I am convinced it is not the average hardworking student who feels compelled to cheat. He will not fall apart if he misses a question—he has missed too many for that.

Learning from other people, from their successes and failures should be considered a great asset to our education.

I am not saying books are not valuable. In fact, we learn to love and appreciate all of the exciting things books tell us and how to go to books for more information. In fact, we learn to love and appreciate all of the exciting things books tell us and how to go to books for more information.

## Variety Show

Come One! Come All! to one of the most exciting and spectacular shows of all time, a Variety Show to be given by the Future Farmers of America (FFA). It's something unique and different, it's sensational, it's colossal, it's "Sieve & the Dynamics" rocking with the way out tune "Ode to Billy Joe" and others.

Also appearing in the show live and in person the LaVogue Models with all the latest fashions from Minis to evening wear, and as a special attraction the "Lake Shore Swinging Bobcats Stage Band."

There will be an "Instrumental Solo" by Mack Boone, "Creative Dance" by Jeanette Sears, and vocal groups that you will certainly enjoy listening to, and many, many more talent acts to be featured. So plan now to come and be prepared for a good time.

The Future Farmers of (FFA) and their advisor Mr. Thomas Newborn are really working hard to make this affair the most sensational and most entertaining show of the "68" school year.

So, if you want to have a good time on February 15, join the line, come on out for an evening of amusement, with the members of our Lake Shore Family to entertain you.

Josie Brown

## All State Band

Two members of the Lake Shore Bobcat Band were selected to participate in the Florida All-State Senior High School concert Band. The students selected were Frederick Bass and Office Davis Jr., they were selected on the recommendation of their band director, Willie Pyromon, on their playing and sight-reading ability and character.

The All-State Band performed at the FMEA Annual Clinic, held in Daytona Beach, January 11-13th.

## Playmakers Present Play

The Lake Shore Playmakers Guild will present its first play, "The Body," a three act farce by Fred Carmichael, February 1, 1968 in the Lake Shore Gymnasium.

"From the opening laugh to the final line, this is guaranteed to make even the most staid audience cry with laughter." Hilarious, delicious, uproarious, hysterical — pick your own adjective. — Never will you leave the flow more freely.

Cast in order of appearance:

Lillian — Elnora Putnam.  
Jenny — Ethel Lockert.  
Randolph — James Haynes.  
Helen — Shirley McDonald.  
Kate — Jeanette Sears.  
Crane — Sharon Butts.  
Vernon — Eugene Ford.  
Lyle — Anton Manley.  
Phillip — Ronald Butler.  
Richard — Levon Wilford.

## Band Members

### Try Out

On Saturday, January 20, 1968, 7 members of the Lake Shore High School Band, journeyed to Palm Beach Junior College, in Lake Worth, to audition for the "All County Honor's Band." The members were Office Davis (drum), James Coleman (drum), Fredrick Bass, (cornet), Ronald McCurdy (cornet), Wilbert Harrison (Bass or Tuba), Ronald Butler (Saxophone), and Ethel Lockert (Saxophone).

For the audition the members had to play their instrument scale and for drummer rudiments sight reading was also a part of the audition.

The results will be received at a later date.

We wish to commend these students for their courage.

## Bobcats Show Tigers

On Tuesday night, January 16, in the Lake Shore gymnasium the "Mighty Bobcats" played host to the "Fighting Roosevelt Maroon Devils" of West Palm Beach.

The game began with the "B" teams in action. The Devils came out hot and began piling scores, they led at the end of the first quarter 20 to 14.

It was a Devil's game all the way until finally the Bobcats got warm and at halftime the scores were Devils 32 and the Bobcats 31.

The second quarter was full of everything. Everyone that was there was on pins from start to finish. The impressing and versatile Glen Lettingham really made some very impressing shots. He and his teammates played the game of their lives but they couldn't profit from the mistakes made. So the game ended with the Devils nipping them by 2 points and the game ending 74 Devils and 72 Bobcats.

## FHA Highlights

During the week of January 15 thru 19, The Future Homemakers of America and Homemaking Department celebrated Courtesy Week by having a Bulletin Board Display and All Students and Faculty Members were honored with wearing Courtesy Week Identification tags. On Friday we had our monthly meeting which was called to order by our President Mary Nelson, we were privileged to have as guest speaker, Mr. Charles Todd, The Dean of Boys. He talked on Family Relation Through Communication. It was an educational and inspiring talk.

After a very nerve reeling game, the spectators were again confronted with another outstanding performance by the "A" team.

The game got off to a slow start and it wasn't as exciting as was anticipated. At the end of the first quarter the scores were Devils 22 and the Bobcats 11.

The second quarter was what we were looking for "excitement" The Bobcats held the Devils and reduced their lead. At half-time everyone was excited and screaming with joy as the teams led the court leaving the score 31 Devils and 31 Bobcats.

Upon returning to the court the same pace was kept. The Fighting Devils and the Mighty Bobcats battled for a well deserved victory. Lake Shore's super star Charles Walker was kept under pressure, yet the Bobcats held the Devils to their lowest of the season. The game with 3 minutes 30 seconds left in the 4th quarter, Johnny Mack made two free shots to put the Bobcats out front 54 to 52, but because of mistakes the Devils slipped by with a final score of 60 Devils and 58 Bobcats.

Above you see the beauty of the Allen University Choir. Don't they look lovely!!

Men are said to be the backbone of an organization we must agree after their performance Monday evening.

## Allen University Choir

The members of the Lake Shore Family were proud to have as their guest the Allen University Choir of South Carolina. The Choir presented a very enlightening and inspiring concert Monday night in the Lake Shore Gymnasium at 8:00 p.m.

The choir sang a variety of songs such as a medley from "My Fair Lady" by Lerner-Loewe, selections from "The Mass In G" by Schubert, and the "Ten Commandments" by Ringwald. A beautiful and well presented song was sang by Cynthia Green taken from Der Holle Knabe entitled "The Magic Flute" written by Mozart. After a very interesting

half the choir retired for a short intermission.

The second half of the program was enjoyed by all with the Octave of the group singing "Ugly Woman" which received an overwhelming applause from the audience. The choir then sang a series of Negro spirituals entitled "Little Lamb" by Bulholomew, "I've Been Bugged" by Johnson, "When I Was Sinkin' Down" by Johnson and "Certainty Lord" by DePaul.

The nucleus of the choir, John W. Hunter, was then presented to some and introduced to others by the spokesman of the choir William Spaulding. John is a graduate of Al-

len University and obtained a Bachelor of Science Degree and Masters of Arts Degree from Columbia University in New York City and has received his Professional Diploma. John has attended the Julliard School of Music in New York City and he has studied under such noted musicians as Fred Waring, Peter Wirshawsky and Bernard Shaw.

It can be readily understood and heard why this choir has made numerous achievements in the music field. Along with the voices they have their director, who has numerous qualifications and his accompanist Shirley F. Scurry, this makes them a very outstanding

and unforgetten choir in the hearts of the Lake Shore Family. Also accompanying the choir was Miss Pearl Walker their Official.

The members of the Lake Shore Family would like to extend their appreciation and gratitude to the Lake Shore Junior-Senior High School Chorus and their sponsor, Miss A. V. Mills, who helped to make the program a success. It is only through the combined efforts of members of the faculty and all persons who so generously provided housing for our guest that we are able to present such cultural activities as this.

They really displayed their acting ability Monday evening. Wouldn't you say so? when they sang "Ugly Woman."

Pictured above is the Allen University Choir just before leaving the school, for their next appearance.

## Former Experiment Station Spectroanalysis Dies In Orlando

TOM ERWIN

The many longtime friends of Tom Erwin here in Belle Glade and at the Experiment Station were deeply shocked and grieved upon learning of his recent death and burial in Orlando last Wednesday morning following a comparatively brief illness which involved serious complications brought on by two operations, in succession, for kidney stones. The immediate family left to mourn his passing included Betty, his wife and nine children: Roswell, Ensign, U.S. Navy; David, Jerel, Nancy, Mary Kathryn, Thomas Church, Jr., James, John and little Timothy, 14 Mo.; also his mother and sister, Mrs. Laurene L. Erwin and Rachel of Coral Gables and his brother, Dr. Charles Erwin, of Milwaukee, Wisconsin.

Tom became well grounded in his chosen field of spectroscopy and spectroanalysis while working in the Solis Department at the University of Florida in Gainesville from 1942 to 1945 and came to the Everglades Station in 1946 to take charge of this very important phase of the work with the so-called trace elements. No one who knows anything of the very great importance of this phase of the early work of the Experiment Station in relation to both plant and animal nutrition or found opportunity to observe his very great skill in setting up and running the exceedingly complicated equipment involved and his almost uncanny ability to translate the delicate quantitative results into meaningful programs will ever fail to appreciate and remember that he was a very important contribution to the early agricultural development of this great area.

Most notable among his contributions to the field of animal nutrition was his prompt and unconditional indictment, as he scanned the many mysterious spectrographic plates, of the element molybdenum and his quick and certain call for the use of the element copper as the one and only antidote or medication for the imbalance which, otherwise caused such very great distress and even death in the animal. Such findings always were confirmed by very careful animal testing.

While the spectrographic technique gradually has given way to chemical procedures as they have become more carefully developed, there can be no question as to the importance of his work.

ant part Mr. Erwin caused it to play in the quantitative study of a number of elements through the period of his work with it. For instance while working in Gainesville when he was asked by an arm of the Defense Department if he could develop a method for the quantitative determination of molybdenum, for a very sensitive use, as it occurred in a very crude ore which was giving great difficulty in all efforts at chemical analysis, his only answer was "Why not?" and he proceeded to develop a procedure possessed of such speed and accuracy as to greatly surpass the quite crude chemical method then available but with a considerable saving of what was very valuable time under those circumstances.

Tom also became greatly interested in the very serious problem of photosensitization in cattle in 1950 and 1951 that was causing much trouble in the Everglades area. In this he made a major contribution to the research that led to the solution of the trouble as reported in Bulletin 630 of the (Florida Experiment Station).

Mr. Erwin moved to Orlando in 1952 and, after a number of contacts, accepted the position of Quality Control Manager with the Soilman Engineering Corporation. This proved a good and responsible test for his ability as a chemist and was the position he was occupying at the time of his death.

Advancement achievements will be recognized for the month, Dr. Joe Orens, acting Cub Scout Master announced.

### Belle Glade Municipal Library To Hold Art Exhibit Of Prints

The Library will show twenty-four large-sized Audubon bird prints, reproduced directly from the rare Elephant Folio and imported from the Netherlands. Many of our large water birds of the Everglades are in this collection.

Twelve dry brush paintings and drawings by Andrew Wyeth will be shown on the theme "The Four Seasons." This theme was chosen because of the essential role played in the work by the cycle of the seasons. "In these works Wyeth's loving concentration on the object is fully revealed. But as always in his work, this concern with the tangible is balanced by sensibility to mood, to the emotion arising from the actual. They are pervaded with a sense of the season—the exact time of year, the hour of the day, the quality of the light. To the truth and subtlety with which he captures these intangible factors, these drawings owe their poignant poe-

try." Following the exhibit, these pictures, together with the text, will be made available to the public. You will want to take them home with you to enjoy.

### Dinner Served

Chapple Dinner, and Mark Bush students at Palm Beach Junior College were among the fraternity members who served the Episcopate Evening dinner at THE BREAKERS, Palm Beach, recently. The fraternity advisor is also the professor of Hotel management and enticed the service of the boys at the charity affair.

Chap reports they were schooled on how to serve entrees, wines, "the whole bit" and that it was a most interesting evening.

## School Bids Being Studied

West Palm Beach — The construction firm of William Q. Hays and M. J. Robinson of Boynton Beach, was the apparent low bidder for the expansion and improvements of the East Lake School, Pahokee, in bids opened by the Palm Beach County school system, Tuesday, January 9.

The apparent low bid was \$456,876. Two other bids received were Blanton and Unwin, Inc., of Pahokee, \$463,500, and the DeVon Construction Company, West Palm Beach, \$483,850.

The bids are being analyzed and various alternates evaluated by the School Plant Planning Department, and a report is expected to be made to the County School Board within the next week.

The expansion and improvements plan includes a new administrative suite, music suite, industrial arts shops, materials center (library), shower and locker rooms, two science laboratories, and the remodeling and expansion of the existing kitchen.

The school board had hoped for a bid below \$400,000.

Next year the East Lake School will contain grades 1 through 9 and much of the scheduled new construction is aimed to assure full accreditation at a sound level for this facility.

Until two years ago the school included grades 1 thru 12, but starting in the 1965-66 school year and continuing last school year the high school grades 10 and 11 consecutively phased out. This year the school is operating with grades 1 through 9 and grade 12 only. The 12th grade will be phased out at the end of this school year, next June.

Harry T. Vaughn, president of U. S. Sugar Corporation of Clewiston, and a leader in Florida agricultural activities, says the Sunshine State must retain control over its fresh water resources to insure steady progress.

**REA Express Has New Agent**

### Better It Get Bent, Than You Get Buried

As you drive state road 80 you notice an increasing number of dents in the guard rails that border the road, this only serves to point up the life saving merits of these guard rails and number of people that have been saved by them.

### Sugar Cane League Press Field Day

George Wedgworth, one of the hosts for the press field day sponsored by the Florida Sugar Cane League is shown explaining to the group one of the operations involved in the production of sugar at the Glades Sugar House Mill.

### Mrs. Anna Geer Buried Tuesday In Gainesville

Mrs. Anna Geer, who formerly lived in Belle Glade with her daughter, Mrs. Emmett Roberts, for a number of years, passed away Saturday after a short illness at St. Mary's Hospital in West Palm Beach.

Mrs. Geer, 84, was born in Sweden and came to this country as a young woman. Settling in Connecticut she married Howard Geer and moved to Gainesville, Florida in 1911. Her husband died in 1956. She continued to live with her daughter and son-in-law, Mr. and Mrs. Emmett S. Roberts at their residence in Riviera Beach.

Surviving are two daughters, Prudence Stockstill of Gainesville and Jenlaure Roberts of Riviera Beach; three grandchildren and two great grandchildren.

Services were conducted in Gainesville at the Williams-Thomas Funeral Home with interment in Gainesville on Tuesday.

### THE FISHING REPORT

**THE SPECKS ARE STILL BITING!!!** Weather conditions were excellent over the weekend making speck fishing very good. The specks are hitting, on both live and artificial bait, in the canal to the North and South of Slim's, and also in the grass beds in the lake.

There were far too many nice catches to print in one newspaper article. However, the following limit or near limit catches were reported:

Freddie Stevens, Dan May, Percy Groes, John Evans, Bert Ward, Doc Cone all of Belle Glade.

Pellon Morris reported catching 50 in 40 minutes on Saturday.

J. J. Snoble, J. H. Moody, R. L. Jackson, L. Edmonston, Frank Blocker and Lee Arden were among the Miami and Ft. Lauderdale fishermen who came in with big catches.

Bass fishing showed improvement over the weekend also. Russell Best reported 6 on Sunday, 2 weighing 5 1/2 lbs. each.

Jess Cockrell came in with a nice string on Sunday; the largest weighing 6 pounds.

The specks are expected to continue biting; and this weekend should bring more of the same good fishing.

*Slim's Fish Camp*

Speck fishing is really fabulous! Mildred Challancin reported this week. People from out of state are just crazy about speck fishing.

Speck fishing during the weekend reported were:

Bill Hicks and Jerry Mullis from Lakeland brought in a 100 specks. Also Luke Chesnick and Ali Davis catch a 100. Ella Tutun and Wendell Smith from West Palm Beach caught 63.
